GREAT HOTEL Love luxury? Ride a Harley? Then this is the place for you. Milwaukee's Iron Horse Hotel combines business-class amenities with high-grade motorcycle care, with secure covered parking, on-call mechanics and a washing station just steps from the Harley-Davidson Museum. The decor incorporates lots of exposed brickwork and beams, a reminder of its previous incarnation as a warehouse, and the 102 bedrooms have extra-strong hooks for hanging your leathers. Since opening in September, the Iron Horse has become the premiere bike-friendly hotel in Harley's home town. In November, doubles start around 170 dollars.
